

**“DO YOU SEPA? Drawing the future of the
European payments market”**

Milan (Italy) - November 16, 2010

Now in its 5th edition, the **international meeting organized by SIA-SSB** is one of the most important events at European level to analyze the evolution of SEPA, its impacts, the results achieved and further opportunities for development.

This year, the International Payment Summit **“DO YOU SEPA? Drawing the future of the European payments market”** will tackle the issues concerning the application of the PSD, the costs and benefits arising from the new payments scenario as well as the emergence of new financial players such as Payment Institutions.

The leading stakeholders will meet in **Milan** to share their views on the requirements and identify innovative solutions for banks, businesses, public administration bodies and consumers.
